Click on **Research** to find many amazing resources that you cannot get without a library card. The library provides access to select subscription resources with quality content. These resources include full-text newspaper, magazine and journal articles for general information or research on topics ranging from business and health to reading recommendations and test preparation. Most of these databases are accessible for free from any computer with Internet access by using your library barcode and PIN; some are designated for In-Library Use Only.

- Databases A to Z – use this when you know the name of a database or resource you want to use.
- Subject Links – use this to browse the general subject categories of the resources
- Telephone Directories – a quick list of subscription and free telephone directory resources
- Library Tips & Tricks – check for reviews of resources or databases
- Reference Appointments – schedule time with a librarian to get quality one-on-one assistance with a research project or general information

Remember...

Most subscription resources can be used from any computer with Internet access which includes home, work, or school computers. But...

1. You must have a valid Topeka & Shawnee County Public Library card
2. You must know your PIN which, unless you change it, is the last 4 digits of your telephone number.
3. You must access all the subscription resources from the library's webpage

If you know the name of a resource, click on that letter of the alphabet to jump down to the listing. Or, scroll down the entire list to get an overview of all the resources.

Click on **Subject Links** to see a list of categories.

Subject Links contain recommended online resources for popular subjects. You can also search for general or specific information on the Internet using search engines.
